

Md Shafatullah

Department of Mechanical Engineering, Z.H.C.E.T., Aligarh Muslim University, India

Phone : 7488663980, Email: mdo368690@gmail.com | [LinkedIn](#) | [Portfolio](#)

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech., Mechanical /Automobile	Aligarh Muslim University, Aligarh	7.403/10.00	2022-2026
Senior Secondary	BSEB, Rahmani-30, Patna	80%	2020-2022
Secondary	CBSE, Patna	85%	2020

EXPERIENCE

- SHUBHAM FLEXIBLE PACKAGING MACHINES PVT. LTD.** Jan –2026 Present
Maintenance Engineer – Packaging Machines Haryana, India
 - Managed machine installation, assembly-to-trial handover, and identified issues to ensure smooth operations.
 - Coordinated with service engineers to perform preventive and breakdown maintenance, improving reliability.
 - Monitored machine performance, troubleshoot faults, and implemented corrective actions for efficiency.
- UBOARD INDIA LIMITED** Oct– Dec-2025
Production and Quality control Engineer Delhi, India
 - Assisted in production and assembly processes of electric micro-mobility vehicles, supporting product manufacturing and prototyping.
 - Implemented Lean, Kaizen, and Six Sigma to improve production efficiency and process quality.
 - Used Tranzact ERP software for BOM management, inventory control, and production planning.
- NATIONAL INSTITUTE OF TECHNOLOGY PATNA** [[Certificate](#)] [[Project](#)] Jul 2025 - Aug 2025
Research and Development Intern Patna, India
 - Designed and analyzed various internal and external fin structures in **PCM using ANSYS (FEA)** for battery **thermal management**.
 - Achieved a **1.62% reduction** in cell temperature by optimizing fin geometry and improving heat dissipation
- INTERN-HITACHI ASTEMO FARIDABAD, HARYANA** [[Certificate](#)] Jun 2025 – Jul 2025
Summer Trainee Intern Haryana, India
 - Analyzed **front and rear** shock absorber structure for performance improvement.
 - Applied **Lean, Six Sigma and Kaizen** Method & production and assembly.
 - Spent 6–7 hrs./day observing assembly and production lines to spot inefficiencies and improvement areas.

PROJECTS

- Aerodynamic & CFD Simulation Projects** May - 2024
Tools: [Ansys, SolidWorks], Under prof. Dr Mubashshir Ansari
 - Designed wing geometry using **NACA airfoil data**, meshed with precise sizing in **ANSYS Fluent**, and analyzed **lift and drag** forces.
 - Analyzed lift, drag, and pressure distribution through simulation and post-processing.
- CNC Programming & G-Code Simulation** [[Link](#)] November - 2024
Tools: [CNC-Simulator Software, SolidWorks], Under Prof. Dr Mohammad Ali
 - Designed part geometry in **SolidWorks** to define the machining structure.
 - Programmed toolpaths using **G & M** codes for drilling, cutting, and machining operations.

SKILLS

- Language:** Python, CNC Programming, SQL, Power BI.
- Technical skills:** AutoCAD, SolidWorks, CATIA, ANSYS (FEA/CFD), Fusion 360, Six Sigma, 5S, MS Excel
- Soft Skills:** Communication, Leadership, Problem Solving, Analytical Thinking, Project Management, Analysis.
- Analytical & Project:** Industrial safety, Quality Control, Root Cause Analysis, Teamwork ,Plant Maintenance.

AWARDS & ACHIEVEMENT

- Ranked **6th** out of **25** students in Automobile (mechanical) department based on CPI. [[Certificate](#)]
- Led successful engineering projects as an **Executive Member** at SAE-ZHCET Collegiate Club.
- Coordinator & Department Representative**, Training & Placement Office (TPO), ZHCET.
- Organized an ANSYS CFD workshop at my college, focusing on hands-on training and practical applications.
